## LOCAL NEWS.

Two-bit lunches at Somerville's bakery.

Agent Ford and Dr. Davis, of San Carlos, are in town.

Dr. Alex. Trippel returned from Tucson on Wednesday.

Joseph Chamberlin left for his ranch in Pinal county yesterday.

Mrs. James Hazard and children are in town on a short visit, and are stopping at Mrs. Kinney's.

There were two hundred thousand pounds of coke on the road yesterday, between Wilcox and Globe.

Mr. George P. Denman, of New York is here on a visit and is the guest of Geo. P. Schofield.

B. J. McGinnis went out to Tonto and Green Valley on Monday and expects to be away some time.

Mr. and Mrs. Niles Aylesworth left this morning for Riverside, and expect to be absent about two months.

Work is being vigorously prosecuted on the various claims at Richmond Basin, and much rich ore is being taken out.

The Kellner mill near Richmond Basin is receiving custom ore in sufficient quantities to insure a continuous run for some time.

Hon. W. C. Watkins returned from Tonto early in the week. He intends moving with his family out to his ranch at the close of the present school term.

During the past week the Miami mill has been running on ore from Gibson's gold mine, from the Democrat, Quartzite, W. V. Kingsbury's mine, and one or two other claims.

In compliance with section 50 of the school laws of Arizona, an election for trustees must be held in each district school house, on the last Saturday in June of each year. Our citizens will bear this in mind.

Sheriff B. F. Pascoe who returned from Tonto on Wednesday, tells us that he feasted on luscious peaches and apricots at the Boquet ranch. Chas. Boquet will have a very large grape crop this season.

Wages paid by the Clifton Copper companies are about as follows: Chinamen, \$1.50; Mexican laborers, \$2. miners, \$2.25; white miners, \$2.70. The nationalities above are employed in about equal numbers.

Remember! That we will not be undersold by anybody or in any one article. If we learn that prices are being cut on us, we will at once cut under, even if we have to sell at fifty cents on the dollar. We started out as "Leaders" and we shall keep the lead.

Mr. E. R. Hoyt, a mechanical engineer at the New Orleans Exposition, was severely injured by a huge derrick pole falling on his foot. He was conveyed to his residence, and after only three applications of St. Jacobs Oil, all the swelling and pain disappeared, and he resumed his duties.

The Florence Enterprise reports the sale of J. J. Devine's copper mine, the California, to Chicago parties for \$40,000. The sale was negotiated by Col. J. W. Haskin, who has been appointed superintendent. A force of twelve men have been put to work for the purpose of thoroughly developing the mine before erecting reduction works.

A certain Globe benedict who staid out all day flying kites with the boys, on his return home in the evening, was met by his wife who handed him two bits and suggested that as he might grow tired of kite flying, he had better buy some marbles. As he has not been seen out since, we presume he is practicing "long tag" in his back yard.

It is gratifying to learn that there was no truth in the report, published in the Clifton Clarion, that Hon. John A. Miller and wife of Silver City, N. M., had been killed by Indians. The rumor was seemingly well authenticated and caused many sorrowful expressions among their numerous friends here, because of their supposed untimely deaths. The reported massacre of the Phillips family, near Fort Bayard, New Mexico, is also denied by a Silver City special to the Tucson Star. There are the only contradictions of the numerous murders of citizens by Indians which now (June 3d) have been ascertained to number seventy-five and doubtless others slain by the red devils will yet be discovered.

## DEPRECIATING INDIANS.

Some excitement was occasioned here on Thursday morning by the arrival of John Ray who reported that Indians, who camped near Powers ranch, three miles south of town, on the previous night, had driven off a number of horses belonging to Powers, Anderson and other parties. Ray, after obtaining a gun, returned to the ranch and together with Powers, Houston and two others started in pursuit of the Indians and followed their trail to a point about one mile south of Globe, where they lost it and returned to Globe without having overtaken the Indians.

Sheriff Pascoe who went out immediately after the news was received here, detected four squaws rounding up some horses near Powers', but when he came in sight they fled to the hills. Later in the day four of the horses supposed to have been stolen returned. There are five still missing and there seems to be little doubt but that they were run off by the Indians.

The circumstances were telegraphed to Agent Ford at San Carlos who acted with celerity and in fifteen minutes after receiving news of the depredation, had started two companies of scouts to intercept the thieving redskins. One company camped at Gilson's Thursday night and yesterday morning expected to take the trail of the marauders where Powers and his companions left off. The number of Indians in the band is reported to be five bucks, three or four squaws and a boy. Three of the squaws and the boy were in Globe on Wednesday, and were recognized as Yumas by several parties. As that tribe has always heretofore been friendly with the whites, the reported theft causes considerable surprise among citizens.

There was a stampede in the neighborhood of Powers', and some fifteen or more women and children and three or four men congregated at Anderson's ranch for safety. That section is an exposed one; there are quite a number of women and children living along the creek within a distance of two miles, and only five or six men.

Charles Powers who came to town early this morning, reports that Indian scouts arrived at his ranch at 8 o'clock a. m. with five of the missing animals, which they stated they recovered near McMillen. Two horses are still missing, which the scouts promise to bring in. We did not learn if any of the thieving Indians had been captured. From the direction they were traveling it is strongly suspected that they are White Mountains.

BOARD OF SUPERVISORS.  
Globe, Gila County, A. T.  
June 1st, 1885.

Board met pursuant to adjournment. Present - Supervisors Westmeyer, Redman and Gilson.

Minutes of May 14th, read and approved.

Report and account of W. C. Watkins, overseer of Reno Road District for the year 1884, received and accepted.

Report and account of G. C. Strong, overseer of McMillen Road District for the year 1884, received and accepted.

The following claims were then allowed and warrants ordered drawn for same:

Claim of Dr. Geo. P. Johnston, medical attendance, allowed \$90; claims of C. T. Martin, recorder, allowed \$9; claim of J. C. Rams, all boarding prisoners, allowed \$100.40; claim of W. C. Watkins laid over, until he turn over to the board the map for which the claim is made.

On motion G. C. Strong was appointed overseer of McMillen Road District, and the clerk instructed to notify him to file bonds in the penal sum of two hundred dollars with two or more sufficient sureties.

The chairman then reported the approval of the bond of B. F. Pascoe as overseer of Globe Road District for \$1000 with T. A. Pascoe and J. H. Pascoe as sureties.

On motion board adjourned.  
C. T. MARTIN, Clerk.

E. F. Kellner & Co. are receiving a complete line of Ladies Dress Goods, Trimmings, Undersuits, Corsets, Trimmed Hats and Shawls, Buttons, Notions and a full and new assortment of everything in Ladies Wear - hereafter we shall again keep a complete stock of Dry Goods and Notions and have arranged for frequent fresh supplies direct from New York. We have also added a complete stock of plows and farming implements and restocked our hardware, boots and shoes, hats and caps, crockery, liquors and cigars, clothing, saddlery, tin and iron ware &c., &c., so as to make our stock of merchandise the best in Arizona. These goods have been carefully selected by Mr. E. F. Kellner in the best of Eastern markets and shipped in carload lots at the "Lowest Freight Rate" ever given to Arizona trade. We shall stay with Globe till A. D. 1900 any way, and will stick to our old motto, "WE WILL NOT BE UNDERSOLD BY ANYBODY OR IN ANY ONE ARTICLE." Come and see all our new novelties and spend your spare cash where it will buy more than in any other store in Globe. Respectfully,  
E. F. KELLNER & CO.

## D. C. Stevens of Florence is in town.

Kelly's Key West cigars a specialty at the News Depot.

If you want a good pair of boots or shoes, go to Schulze.

Ice cream will be served to-morrow afternoon and evening at Somerville's.

The Silver Belt now has one of the neatest and most commodious printing offices in Arizona.

Mr. and Mrs. Charles Power makes gulf edge butter, and are prepared to supply families.

At this season of the year something is required to tone up the system. Hop Bitters will do it. Hatch & Taylor.

Mr. George A. Allen returned from Tucson yesterday. Mr. Allen and child went to California, where they will spend some time.

W. T. McNelly is having the Champion Hall renovated and newly papered, which will make this popular resort all the more attractive.

The temperature has been delightful since the rain on Tuesday. Taking it all the year round there is no section of Arizona that possesses a finer climate than Globe.

The party given at the rink on Thursday night was well attended. The evening was delightfully cool, the music excellent and everything conducted to make dancing highly enjoyable.

Items are scarce this week and we have had a great deal of extra work in consequence of moving our office; so we ask our subscribers' consideration if they find our columns less interesting than usual.

Thanks to Alfred Kinney we are under an iron roof, in a fire-proof building, and are free from the onerous taxes imposed by insurance agents. Kinney has done his work well and to our entire satisfaction.

Mr. F. C. Bemis has had a photographic tent erected on the corner opposite the Silver Belt office, and will be ready to take card photographs and tin-types in a few days. The gallery will be a permanent institution.

The authorities at San Carlos acted with commendable promptness in sending out scouts upon hearing that stock had been stolen near Globe. Lieut. Walsh is entitled to credit for sending his scouts. They returned to the Agency this morning.

Joe Sloan, who has been a resident of Gila County, for many years and as generous a man as the sun ever shone upon, left for Texas on Thursday. He is not tired of Arizona, however, and expects to return next year with a band of cattle.

W. C. Smith, postmaster at Holden, Missouri, who was shot \$975 and unable to respond to the demand of the Department for the settlement, shot and killed himself. His bondsmen paid the amount of the delinquency, May 29th, the morning of his death.

G. S. Van Wageningen, Agent for Globe, Arizona Territory.

MINERS ATTENTION! - If you have a Mine or Prospect and will show to our satisfaction that you can take out pay ore, and will contract with us for its delivery, we will supply means to help you along and mill or ship the ore to best advantage, or buy the ore from you.  
E. F. KELLNER & CO.

ATTENTION MASONS.  
The members of White Mountain Lodge No. 3 F. & A. M., will give a grand picnic on St. Johns day, June 24th 1885. All masons, their wives, mothers, sisters and daughters are cordially invited to participate and assist to make it an affair of enjoyment as well as sociability.

The Star reports that two Americans were executed by the Mexican troops on last Saturday, about 50 miles from Opusura. They belonged to the Yaqui command as soldiers. The Mexicans put all foreigners to death, whom they capture fighting with the Indians. The Yaquis also treat foreign prisoners in a like manner.

An honest confession is, said to be good for the soul. Gen. Crook, under date of June 2d said, "The troops have been following around the different raiding parties without any other result than to break down their stock." He also says "It is impossible with the troops to catch the raiding parties or afford citizens, so scattered among the mountains, protection from such parties." Such being the case, what are the troops in New Mexico and Arizona for? They can be more cheaply fed and clothed nearer the base of supplies. Two days later than the Crook dispatch, an El Paso, Tex., special to the Tucson Star says, "Fifteen armed citizens following the Apache trail under the leadership of one Jackson, took twenty-eight head of animals from the raiding Indians."

## TERRITORIAL TOPICS.

Condensed from Our Exchange for "Silver Belt" Readers.

Colonel Bigelow, an old Hassayampai, writes as follows to the Prescott Miner: "Tonto Basin is almost shut out from the rest of the world, but it is one of the best grazing sections in the Territory. Our observations have extended over the whole area, excepting the extreme eastern portion, and it excels all the rest. Though there are said to be at least 15,000 head of cattle in the Basin, which is sixty or seventy miles across, they appear to be thinly scattered over the country, and except in the immediate vicinity of the camps and ranches, the grass on the ranges seem to be almost untouched. The settlers claim that there is a great mineral wealth in gold, copper and silver in the Basin, and we certainly saw some very favorable looking prospects, but the difficulty of access is very discouraging to miners, and has proved a set-back to development."

Messrs. J. C. Burge and J. W. Spafford, who have been on a visit to the Grand Canyon and the Supai Indian nation, having been absent for eighteen days, returned home on Wednesday last. Mr. Burge took upwards of 40 views of a very interesting nature, that being his mission there, and Mr. Spafford has collected a large amount of valuable information which he will impart to Eastern papers in the way of correspondence. They speak very highly of the manner in which they were treated by the Supais, from whom they gained much valuable information. - Flagstaff Champion.

The failure of the mail coach to arrive on Friday last was caused by the stealing of the Stage Company's stock at Navajo station, by Navajo Indians. Two head of the horses were recovered at Sanders, but up to the present time the balance of the stock is still in the hands of the Indians. These red men should be kept on their reservation. - St. Johns Herald.

It is reported by the Denver Republican that Henry Gebhard has purchased four thousand yearling cattle which he will drive to his range on the Gila river, this Territory, in the fall after the quarantine embargo in New Mexico and Arizona is raised.

It seems that there was no authority for the announcement, published in so many of the Territorial papers, that the Southern Pacific railroad would reduce their rates on June 1st. The Star says that the Tucson officials have not been advised regarding any reduction.

A correspondent of the St. Johns Herald says: Flagstaff is responsible for a great deal of the commercial dullness reported at Prescott. Tonto Basin, the Verde and all points east of Prescott can be more cheaply supplied from Flagstaff than from any other point.

## A TRIM CRAFT.

(From the Santa Barbara News.)

Lying in the ware-house at the shore end of the wharf is a boat which was received a few weeks ago, from New York, and is emphatically declared by a well known Santa Barbara sea Captain, to be a marine "daisy."

The brand new boat is the property of Mr. E. F. Kellner, of the City Pharmacy, who is now in Arizona, and was made to his order. It resembles more a piece of superior cabinet work than a boat, being made of polished cedar and white ash, with nickel-plated trimmings and gold-plated rowlocks.

Every timber is fitted in with the nicety of master work. The boat is supplied with a patent centre board, two sails and fixtures for an awning, and two chambers for compressed air, the latter feature making the boat a buoy capable of sustaining above water eight persons. It is pronounced by experts to be the nicest thing in the life ever seen on this coast, and should be placed on public inspection. It will be launched as soon as Mr. Kellner returns to Santa Barbara, some time in June.

Mr. Kellner desires to extend, through our columns an invitation to all Globe people visiting Santa Barbara to take a sail in his new boat. - Ed. Barb.
